

## **Education agreement between parents, students and teachers of the Albert-Schweitzer-Schule in Offenbach a. M.**

We, the parents, teachers and students pursue the common desire

- that each child perceives our school as a place where they can live and study in an atmosphere of friendliness and mutual respect;
- that each child is challenged and nurtured regarding their strengths and weaknesses;
- that students are encouraged and reinforced to develop to have independent and responsible personalities; and,
- that students contribute to the school organisation and exercise their student's participation rights.

We can only live up to these aspirations if we understand them as a duty, which concern the school as well as the parental home. Together we represent our school in public, and we are aware of the fact that the way we behave shapes the image of our school.
