

## **Homework done under supervision**

The homework done under supervision is an integral part of school life at the Albert Schweitzer School.

The offer is mainly aimed at the pupils of grade 5-7. Students are grouped by class in several groups and are supervised per group by a teacher and a high school senior respectively.

We offer the service on four days a week (Monday-Thursday) in the period from 1 – 2 pm and also from 2 – 3 pm.

The attendance of homework assistance is free but compulsory. The registration and deregistration can always be done at the beginning of a vacation (cancellation in between is not possible).

**For more information** contact Ms. Block or Mr. Winkler.
